Re: Eden Foods' objection to the HHS mandate

Ladies and Gentlemen,

Eden Foods is a principled food company.

After deep, careful, and thorough consideration and discussion throughout Eden Foods our board of directors made the difficult decision to object to some of the illegal aspects of the Affordable Care Act (ACA). Our board at that time was, and remains so, composed of three women and two men. The decision to file suit was supported by two women directors and one man director passing 3 to 2.

In order to object we caused an action to be filed in the U.S. District Court in Detroit on 20 March 2013. The defendants were:

1. Kathleen Sebelius, Secretary, U.S. Department of Health & Human Services
2. U.S. Department of Health & Human Services
3. Seth D. Harris, Acting Secretary, U.S. Department of Labor
4. U.S. Department of Labor
5. Jack Lew, Secretary, U.S. Department of the Treasury
6. U.S. Department of Treasury

Detroit U.S. Federal Judge Denise Hood at first denied our action, so we moved it 'on appeal' to the district's superior Federal Court in Cincinnati. The case was again denied so it was moved 'on appeal' to the U.S. Supreme Court in Washington D.C. The Supreme Court ruled on 1 July 2014 that our arguments were 100% correct and that the actions of the Federal Government's agencies and their directors were illegal.

Following this affirmative ruling our case was sent back to Cincinnati where they accepted the Supreme Court's ruling and instructed Detroit's Federal Judge Denise Hood to act accordingly. Judge Hood ordered on 12 February 2015 that 100% of our claims of U.S. Government wrong doing were affirmed by United States Federal Courts. This ruling includes an ordered right for Eden Foods to recover attorney fees and costs associated with this federal court action.

During this entire period of time every Eden Foods employee has had all available coverages of the ACA as that law was passed and implemented through the Department of Health & Human Services. This remains so today. A recent letter from our insurance broker confirms this and is attached. Yes, Eden Foods frowns on

Rejuvenation

myopic pharmaceutical medicine, toxic chemical dependent agriculture, and all toxic environmental pollutants. Nonetheless, pharmaceutical contraceptives are included in Eden Foods' comprehensive health care plan.

Erroneous assumptions, rushing to judgment, and sensational opinions have resulted in imprudent objections about our action. These objections are unfortunate. We truly hope that sound facts provide clarity, and that people are open to them.

Our oft-mischaracterized objection was to illegal government overreach caused by components of a famously complicated law, and it was affirmed by the United States Supreme Court. We won our court case. More thoughtful legislation could have accomplished similar change while still respecting the United States Constitution.

We try to respect others opinions, nevertheless, we remain convinced that we did the right thing.

Thank you for your appreciation of the more than 400 family farms nurturing over 100,000 acres of vibrant U.S.A. and Canadian farmland that we represent.

- Eden Foods
Clinton, Michigan U.S.A.

enclosure

Eden Foods is a principled natural food company offering more than 400 authentic organic, traditional, pure foods. Each one is superb pantry fare. Further information and over 1,125 free recipes are at www.edenfoods.com

RE: Women's Preventive Services

Dear Mr. Michael Potter,

Eden Foods has been providing medical insurance for the employees through Blue Cross Blue Shield of Michigan. This coverage has been in place long before the passing of the Affordable Care Act and continues to be in place today.

As long as I have been working with Eden Foods, coverage for the Women's Preventive benefit has been available for staff. It is my belief that Eden Foods, in working with Blue Cross Blue Shield of Michigan, has been and continues to be compliant with the Affordable Care Act. Despite the most recent court ruling, Eden has not changed the medical plan or removed any coverages to date.

Sincerely,

David Huntzicker
